## Memories

## Editor's Note

### Yes! Memories Are

very often surprising and startling . They have a way of sideling up to a person in an almost pouting way and asking "How come you don't remember THAT?" (And, you find that you DO! )

Well, there is no gain in getting "excited" of memories in review but OK, YES! It is mostly exciting!! ANYWAY I'm glad to have many good memories. Today represents the first part of SUMMER. We were to have temperatures of 88, but it rained almost all day! (I had used the wonderful new lawnmower yesterday and so my son had thoughtfully left the typewriter and paper etc. out for me to use in writing for The Walled Lake Gazette for the July and August issue (and this is it!) (I don't need memory prod to start, but rainy days ARE good for grass and writing!

HGC

### Yep ! It is July & AUG.

The mildest part of the middle of Summer! It has everything we found ourselves wishing for in Spring. So let's R E L A X and enjoy it !!

Michigan is most particularly one of the foremost states to cherish it! O.K. So we've saluted the weather, How about three cheers also? ( Yes do so !)

A short time ago we all probably remember Graduation classes of many high schools. Each one was of great importance to family members of youngsters who were graduating.. We had a grandchild who graduated from Walled Lake Northern . We were also struck that we had graduated from the NEW (in the 1930's) MILLION DOLLAR HS in St. Petersburg, FL While WLN 's cost was \$69 MILLION!! And Now? Another grandchild will start WLN in 2006!

**BEST OF LUCK TO YOU BOTH!**

HGC

### Of This and That's

Oh Boy! What a subject matter! It promises nothing OR, does it promise EVERYTHING? Only one who sits at "random" writing can possibly know. And at the onset we doubt if he (or she) has any real conception of it's eventual emergence of thoughts as they dart about prior to Yes! What is about to appear typewritten!; So?

"Six or eight girls and the same number of men meet onstage. The audience feels they have never met before and yet the actors respond in perfect step and musical procedure together! Surprise? No! (It happens too many times this way) . "Well, how about the TV adv. Where an attractive young lady is applying a facial beauty-cream and fails to cover her entire face with it? WHY? (It is nearly always depicted in this manner!) WHY? Well these just came into our mind. Carry On!

# JULY

We give a little "token nod"  
To each month of the year.

And now, we're sizing you up  
As it's your turn to appear:

You are picnics 'n suntan oil,  
Heat, and firecrackers loyal.

You are swimmers' delight,  
And exploding flares at night.

You are the middle of the  
middle of summer's fun in  
the sun.

Families play at the beach all  
day,  
Before racing time takes it  
away.

A time to watch the clouds go  
by,  
And see what they might  
signify.

And in the sun-drenched land  
Nap under a tree when you  
can.

**JULY ! You're the best  
month to me.**

**As I dreamily glimpse you  
UNDER MY TREE!**

Have a safe and exciting  
summer!

Sometimes it is fun to conjure up little memories of various things that have brightened up our lives it could be songs we've heard or multiple things so hang on here it goes. "You can't holler down my rain barrel I don't love you any more" (Song).

"Picture you upon my knee its tea for two and two for tea" (Song).

"The girl that I marry has got to be the sweetest thing that can happen to me" (Song). Okay so we might not have them exactly how they were and we certainly cannot sing them as their owners could but we may still reflect on their greatness.

"Please take a letter Miss Brown. It is very confidential and may prove instrumental to someone so essential to my life" (song)

"A pretty girl is like a melody that haunts you day and night" (song).

### The Ultimate Poem

A raging maze of colors would seem to be the backdrop that slithers... into eternity.

Sometimes we all experience periods of dismay or apprehension of events swirling about us. Then something up there swoops downward to show us that everything is okay. We believe that good luck is simply a confidence that good things will materialize over what had appeared as negative. As aspects we can't explain it but we have seen this happen too many times to overlook it. So cheer up you can and will accomplish endeavors. However not everything you want perhaps should be obtainable so remember that someone is looking after your interests too. Relax, you still will each time come out with good luck.

HGC

Oh hello! Summer time has arrived. We figure that May and June are actually like twin sisters. They are like spring tonic but July and August are truly and entirely summer, so hello. How do we know? Hmm... Few parking spots are left at the Walled Lake City Beach, kids making sand castles and carving out little rivers to the lake shore from the beach pump this is how we know. Heat, peace and tranquility under the sun are ever-present. Lots of picnics, busy movie theaters and neat and lovely lawns help us enjoy this time. The moonlight shines over lake and land giving a general happy feeling of contentment and awareness of good things going on about you.

## MEMORIES

\* The Town Pump when such was really a lone, upright, hand pump standing in the middle of olde Walled Lake's "business area" - (it was not the name of a swank bar). In the early 1920's also people used a "Subdivision" hand pump and carried pails to their cottage-homes and drank out of metal "dippers". Bringing in water was a necessary chore for the young ones to perform. **HGC**

# Do you have <RINGING> in your ears?

## A New Digital Device May Hold the Key

A Brand New State-of-the-Art Digital Hearing Communication Device Has Recently Been Released. It Has Shown Promising Results For Individuals Who Suffer From Tinnitus (Ringing, Buzzing, or Humming in the Ear).

This revolutionary communication device has also shown exciting improvement for those who suffer from slight hearing difficulties as well. While usually not intended for constant use by those with hearing difficulties, it is designed to give individuals an edge in hearing when they may have ordinarily had slight problems.

Situations of improvement have been from television and telephone, to meetings, lectures, and group settings. Those that have experienced the most success generally have some hearing difficulties, and find themselves in very dynamic, active environments.

### Features & Benefits:

- \* Receiver in the Ear (RITE)
- \* Superior Bandwidth Expansion
- \* Internal Activity Analyzer
- \* MultiBand Adaptive Directional
- \* Noise Management System
- \* Artificial Intelligence
- \* Award Winning Design

## Cruz Hearing Patient Testimonials

“It’s Amazing! I Can’t Believe How Good It Is. I Can’t Hear My Ringing Any Longer, And I Can Understand Everything My Daughter Saying.”

“Wow! This is Unbelievable. From the Moment I Put These In My Ears, That Ringing Just Goes Away.”

**While this device may not work for everyone, it only takes about 90 minutes to see if it may! Don’t let years of suffering and annoyance continue if it does not have to. Call Cruz Hearing!**
